

CALL FOR ARTISTS: CURIOSITY CABINET DESIGN COMPETITION

Online application opens April 6, 2021
EXTENDED deadline to apply: May 31, 2021

We believe good companies are good neighbors. Over the years, the Creature family has restocked Little Free Libraries in Athens, Georgia to ensure continued free access to books for our neighbors. To live into our value of **Crave Curiosity**, we want to bring the fun to our taproom guests, too. Introducing... the **Curiosity Cabinet** at our downtown Athens taproom!

We are currently seeking design submissions from Athens-based visual artists to decorate our Curiosity Cabinet. The Curiosity Cabinet will be a hub in the garden at our Snow Tire taproom that we will stock with books and other resources we find inspiring and informative in our pursuit of excellent beer and effective service to our community. Artists may submit their designs digitally or in hard copy utilizing our Curiosity Cabinet template (*see page 3*) by **May 31, 2021**. Want to go the extra mile and submit a totally original design? We'll happily accept that, too!

Designs will be reviewed in two rounds by an internal selection panel at Creature Comforts. Finalists' designs will be exhibited in our taproom's CCBC Gallery from **June 21 to July 18, 2021**. Since this is a resource for you, our guests, we want to hear your voice in the selection process, too: the public will have the opportunity to vote online (just once, verified by email) for their favorite design through July 11.

All submissions will remain the sole property of the artist until such time that the winning artist, as identified by Creature Comforts, is offered an

Intellectual Property assignment/Work Made for Hire contract. The winning designer will receive a stipend of **\$350** (for a design utilizing our Curiosity Cabinet template—see *page 3*— and prefabricated cabinet, built out of wood) OR **\$550** (for a wholly original design AND fabrication by the artist), **plus up to \$150** for project materials (such as paint, stencils, and so on.) We will unveil the Curiosity Cabinet installed in our garden in **August** of this year, just in time for the 2021 *Get Artistic* season.

Eligibility: Must be 18 years or older and based in/near Athens, Georgia.

Application and Design Requirements:

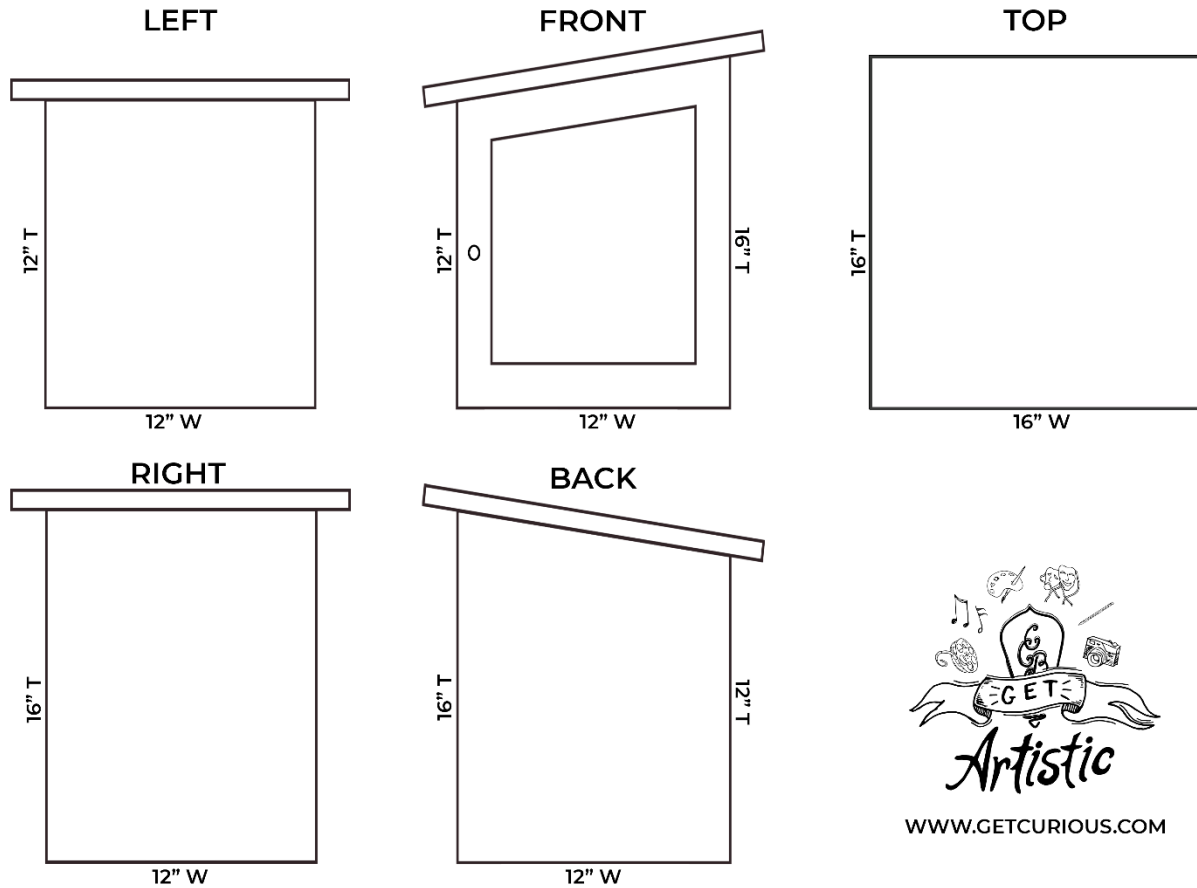

- Applications must include a written response (max 1000 characters) describing how your design expresses Creature Comforts' value of **Crave Curiosity: a curious mind leads to better living.**
- Application must include a description of the materials to be used in the design (max 500 characters.)
- [Click here to access the Artist Application Form](#). All artists **must** fill out this form to apply, even if they are submitting a hard copy of their design. This form must be filled out before **11:00 PM on Monday, May 31**, when the form will automatically close.
- **To submit a design digitally:** include your digital design in the application form linked above. Please submit your file at 11x14", preferably in PDF format.
- **To submit a design in hard copy:** submit your design (11x14" on paper) to Creature Comforts' downtown Athens taproom during public hours **before 10:00 PM on Monday, May 31**. Artists may collect copies of Creature Comforts' Curiosity Cabinet design template from the Snow Tire taproom during [public hours](#) April 6 to May 31, 2021.
- **Requirement:** Submissions must be original designs free of any materials that infringe on any copyright, patent, trademark, or other intellectual property of Creature Comforts Brewing Co. or any third party.

Additional resources:

- Artists may utilize [this digital design kit](#) either for reference or to create their digital design. This kit contains a variety of file types, including PSD and AI design templates.
- Find Little Free Library plans, tips, and inspiration [online](#).
- Questions? Email us at getartistic@ccbeerco.com.

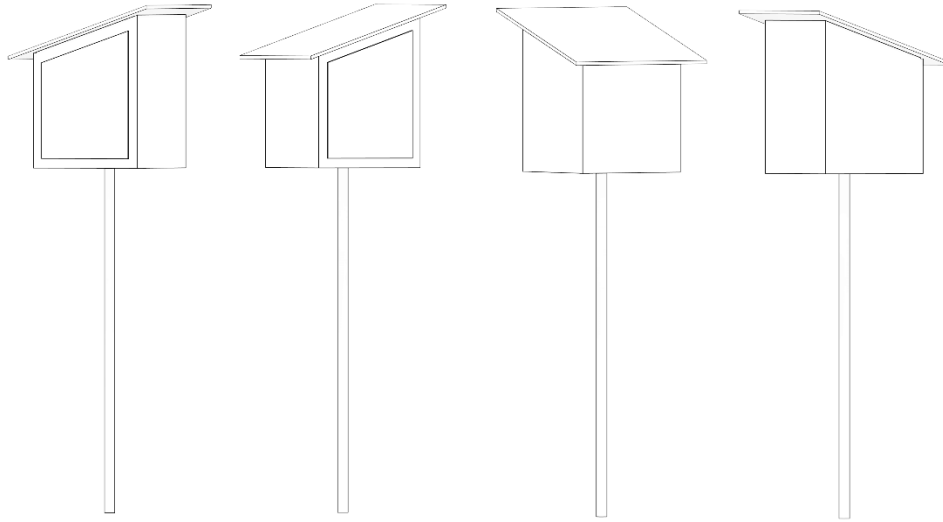

CURIOSITY CABINET

DESIGN NO. ____ | SUBMITTED BY _____

Artists should submit their designs utilizing the above template unless they are submitting a wholly original design and plan to fabricate their original design. Access this file in the digital design kit, linked under "Additional Resources" above. Artists may also collect an 11x14" paper copy of this design from Creature Comforts' downtown Athens taproom through May 31.

Below are mock-ups of Creature Comforts' Curiosity Cabinet design to help artists visualize how the design template (see *page 3*) will translate into 3D. This cabinet will be fabricated for the artists, built out of wood. Artists are not responsible for designing artwork for the base on which the Curiosity Cabinet will be mounted.
